

**REMOVABLE REUSABLE NON-MARKING
DOUBLE - SIDED ADHESIVE PRODUCTS**

**NO NEED FOR TACKS, PINS,
NAILS, OR TAPE!
Just PEEL and STICK!**

**PERFECT FOR DISPLAYING:
PHOTOS * ART WORK * NOTES * MEMOS * SCHEDULES *
AND MUCH MORE!**

Tac-On is a removable, reusable, and non-marking product; it sticks to most surfaces with no need for tacks, pins, nails, tape and expensive sticky notes. Tac-On products are earth friendly, and offer a variety of colors that promote a cheerful and learning environment. Teachers and administrative staff appreciate the flexibility, mobility and options of where they can display information. Tac-On also helps your organization with its "GREEN" goals and requirements. "GREEN" is an interchangeable term that means your company is making every attempt to conserve our environment by using environmentally friendly materials for office supplies, that expands the life of paints and floor finishes. "GREEN" goals are both encouraged and required by the state and Tac-On will meet and exceed these requirements. Tac-On can help you reach your "GREEN" goals by minimizing the amount of paint that your maintenance department will use for wall repair that tacks and tape create. This innovative product will last through out the school year and sometimes longer depending on use and care. This will reduce yearly office and school supply costs. For more information about how this product is "GREEN", please visit: www.nu-sourceinc.com
